

## **Recruitment of full-time Administration and Reception staff**

If you've advertised for Support Staff recently, you've likely been inundated with applications. More doesn't necessarily mean better - it can often just mean a whole lot more work.

With so many applicants, it can be difficult to tell who's best for the job, especially when you need to keep focused on your business.

We've designed a solution that we thought you'd be interested in.

We can "wave a magic wand" and have the right person turn up on your door, in a "try before you buy" situation. We'll work with you to understand what you're looking for to ensure that you employ the right person.

After six months on our payroll we'll transition them to your payroll - free of any fees, sure that you're employing a new staff member who can do, will do and will fit.

In an ironic twist, there are still many job types where talent is hard to find, particularly as many are holding fast to the jobs they've got and not responding to traditional advertising. We can help you there too!

We look forward to an opportunity of working with you soon.
